SCHOOL MEASURE PASSED BY LOCAL VOTERS

Jaysee Executives Launch Concerted Drive For Signers

Letters Are Sent to State Officials In Plea For Signals

Continuation of the campaign to have signals installed at Tenth and Main streets gained added impetus today when it was announced that Superintendent of Schools Frank A. Henderson wrote to the State Highway Commission appealing for aid.

In his letter Mr. Henderson cited the need for the signals and urged the commission to investigate the Santa Ana situation. He asked that it seek permission of the local city council to have the traffic lights installed.

Mr. Henderson petitioned the city council to have the signals installed about three months ago. No action was taken, and not until a month ago was the subject brought to the limelight.

Petitions Circulated

Through an editorial in El Don and statements made by Vic Rowland, president of the Associated Students, petitions have been circulated this week among the students and faculty members favoring the proposal.

In asking that the commission's attention be drawn to the situation, Mr. Henderson said, "Sooner or later, because north and south vehicular traffic on Main street is very heavy, injuries are certain to be suffered." He also pointed out

(Continued on page 2)

Debate Coaches Will Meet Tomorrow

Eastern conference debate coaches will hold a meeting tomorrow at Citrus Junior college to decide what question will be debated this year between the junior colleges of Southern California.

The conclave is to be held in connection with the regular meeting of the Southern California Junior College association, at which time new courses and problems pertaining to junior colleges are decided.

The junior colleges represented in the Eastern Debating conference are San Bernardino, Riverside, Fullerton, Santa Ana, Citrus, Chaffey, and Pomona.

Local debating activities will start the first week of November. All students interested in public speaking or debating are urged to tryout for the debate team.

Freshmen Nominated Today

Primaries Next Wed., Finals Nov. 2

Nominations for freshman class officers are to be made this noon in room C110. Petitions were secured through the office this week for five presidential candidates, four vice-presidential, three treasurer, and two secretarial candidates.

Those that were petitioned for president up to press time were Dick Phillips, Bob Wilde, Al Pickhardt, Don Randall, and Max Moore.

Vice-presidential petitions obtained were for Bob Faul, Ralph Fuller, Dick Geeting, and Bill Keeton. Treasury nominations were for Harry Miles, John Lehnhardt, and Ed Velarde. Marian Baxter and La Vonne Frandson were named as secretary candidates.

Primary elections are to be Wednesday of next week, Vic Rowland, last semester's class president, announced, with the finals set for Monday, Nov. 2.

Studebaker To Speak At Junior Forum

Dr. John W. Studebaker, United States commissioner of education, may be secured to speak on Friday, Nov. 20, at the Junior Forum here, it was learned today from Superintendent Frank A. Henderson.

Mr. Henderson explained that Dr. Studebaker would make an address on the evening of that day in the high school auditorium.

This statement followed an announcement made earlier this week that Dr. Studebaker's address, which had been scheduled for tomorrow evening, had been postponed.

Fine Arts Press Completes Book

Jaysee's Fine Arts Press, in conjunction with printing and art students, has published recently another of its well-known limited editions, "Decorative Art of the Southwestern Indians," by Dorothy Smith Sides.

The book, a selection of reproductions of the decorative art of the Southwestern Indians, is bound in wood and covered with natural skin colored parchment.

Sign The Traffic Petition!

(AN EDITORIAL)

This week members of the College executive board are circulating petitions favoring the installation of traffic lights at Tenth and Main streets.

The student officials, and the board of education as well, realize the inadequacy of the present crossing and are favoring the proposal.

The fight to carry out this safety measure will be carried to the limit.

Your cooperation is needed. Sign the petition, and lend your support to the campaign.

El Don Staff Appointments For Semester Completed Here Today

Appointment of Gerrie Griffith, Tay Riggs, and George Bronner, local journalism students to positions on the editorial staff of El Don was announced today by Editor Robert Swanson. The selections complete the news staff for the current semester.

All three of the students selected for editorial posts were enrolled in journalism last year and are present members of the editing class. Miss Griffith will serve as feature editor; Riggs as news editor; and Bronner as chief copyreader. The last two posts are new this year, having been created in an effort to allocate the staff work more evenly in the various positions.

Other members of the staff include Editor-in-chief, Bob Swanson; Sports Editor, Franklin Guthrie; Society Editor, Frances Was; Advertising Manager, Harvey Baker. John H. McCoy, journalism director, and Thomas E. Williams, printing director, are the faculty advisers of the weekly newspaper.

Soph-Frosh Dance Saturday Night

Freshmen student will be guests of honor at the annual Soph-Frosh dance to be held at the Huntington Beach Memorial hall tomorrow evening at 8:30. Final preparations were being made today according to Polly Angne, social commissioner of Associated Students.

In charge of orchestra arrangements is Vernon Koepsel, Miss Angne is in charge of the programs, Miss Frances Was and Miss June Leicht, are at the head of the decoration committee. In charge of the punch is Henrietta Rurup, Bill Greshner is supervising the check room, and Neal McDaniel is in charge of the tickets.

All A. S. B. freshmen are the guests of the evening, while non A. S. B. freshmen will have to pay 25 cents.

J. C. Male Quartet Selected Today

Final selection of the jaysee male quartet was announced today by Miss Myrtle A. Martin, head of the music department. The quartet is composed of Horace Evans, first tenor; Fred Erdhaus, second tenor; Hal Pottorf, baritone; and Josh Brady, bass.

Practice has begun and the quartet will be on the program for the home concert that is to be given in Santa Ana high school's Little theatre Dec. 11.

\$611,000 In Bonds Will Be Sold At Reduced Interest

Light Vote Favors Bond Issue, 2,511 to 297 In Election

Santa Ana citizens voted yesterday to permit the board of education to issue a total of \$611,000 in school bonds at a reduced rate of interest.

The vote was 2,511 to 297 in favor of the proposition, with slightly less than 8 per cent of the city's 18,000 registered voters turning out at the polls.

Officials explained that the Santa Ana schools owe the State of California \$611,000 which is being repaid over a period of 20 years at 4.4 per cent interest.

Under the proposition passed yesterday, the board of education will substitute \$611,000 of bonds to be repaid over a similar period of time at 3.4 per cent interest or less. The total savings to local taxpayers will be from \$48,711 to \$130,876, depending upon the interest reduction.

Although there are no means by which authorities are able to guarantee that the bonds can be sold at a reduced rate of interest, other school bonds disposed of this year were sold at interest rates of 2.3 and 2.6 per cent. Local authorities believe that the proposed issue can be sold at a similar figure.

The original figure of \$611,000 came into the picture when that amount was borrowed from the state earthquake rehabilitation fund.

Citrus Host For Fall Conference

Dr. Everett Dean Martin of Pomona college will be the principal speaker at the fall meeting of the Southern California Junior College Association to be held tomorrow at Citrus Junior college.

Section meetings of 16 individual college departments will be held from 10 to 11:45 a.m. Department heads and instructors of 20 Southland junior colleges are scheduled to attend. Mrs. Violet Bartholomew, office secretary, states that 15 instructors will attend from here.

Santa Ana instructors to attend are:

Thomas H. Glenn, Mrs. Grace Knipe, L. L. Beeman, Miss Myrtle Martin, Frederick H. Schroeder, (Continued on page 2)

Hold Presidential Vote Wednesday

Polls will be open from 8 a. m. to 4 p. m. next Wednesday for an all-college presidential election.

The election will be run off in true legal style. Sample ballots are being obtained which contain the names of the California electors for both candidates. Booths are being borrowed from the county and will be placed on the second floor of College hall.

The election is being held in connection with political science classes, which are studying the methods of nominations and of presidential elections, Mr. Beeman stated. A similar election was held during last campaign year, Herbert Hoover being nominally elected by the students.

516 Student Tickets Have Been Sold

Associated Student ticket sales will probably total 550 before the end of the season, Mrs. Helen Deaton of the business office predicted today.

A total of 516 tickets have been purchased to date including those bought by instructors. Of this number, 119 are being paid for on the installment plan.

Wild Camels, Elephants Once Roamed County; Rivers Raged

By ELEANOR BRADY

Water, water everywhere—no houses, no streets, no cities! That is what Orange county was like 150,000 years ago according to Geology Instructor H. A. Scott.

He pointed out that the mountains we have today are made of water laid sediment left when the water receded. Fossils of ocean animals can be found on any of them. Land animals such as elephants, camels, sea cows, and many other tropical species wandered about the site of Santa Ana.

Before the uplift of the Puente

hills, the Santa Ana river was much larger than it is now and its course ran to the sea. There are many submerged river valleys today which indicate that many large rivers flowed through Orange county. One was found recently just off Newport pier.

Mr. Scott also stated that the coast line of Orange county stood much farther east than it does today and extended westward past the islands which are situated off the coast.

San Juan Capistrano Swallows Fly Southward In Annual Trek

By JACK GARDNER

BULLETIN

True to their annual custom, the swallows of San Juan Capistrano left early this morning for their unknown destination. Many visitors journeyed to the mission to witness the departure today.

Today's the day that the famous San Juan Capistrano swallows vacate their nests and fly southward. Yes, these birds have been doing just that for 69 years, leaving the mission on Oct. 23, and returning March 19.

They have never failed to arrive or leave on the designated day, leap-year included, though a stiff

wind last March delayed them several hours.

Swifts Take Nests

As soon as they fly away today, the swifts will take over their nests keeping house in them until the swallows return next spring and oust the parasites. Their abodes are constructed under the eaves of the (Continued on page 2)

SOCIETY

Women's Clubs Honor Pledges Tonight

LAS GITANAS

Entertaining at 5:30 this afternoon in the home of Gerrie Griffith, Las Gitanas will have a pot-luck supper in honor of their pledges.

Advisors for the Gitanas are Miss Carol Erskine and Miss Muriel Anderson. Miss Griffith is in charge of the acceptance party. The affair will begin informal rushing for the group.

MOAVS

Today marks the acceptance tea to be held for Moav pledges at the home of Miss Lucinda Griffith, advisor, 719 South Shelton.

Officers this year are: president, Henrietta Rurup; vice-president, Marguerite Denni; secretary-treasurer, Marjorie Nelson.

Other members include Charlotte Atchley, Frances Crowther, Jean House, Mary Knoche and Marguerite Denni as pledge mistress.

SPINSTERS

Spinster pledges will be honored this evening at 6:15 in the home of the president, Polly Angne, 701 Hickory. The affair has been planned as a dessert hour preceding tonight's game.

The party will be attended by all those who have accepted bids to the Spinsters. Its purpose will be to give rules for pledge week to the new members and to initiate them in informal rushing rites.

LAS MENINAS

Following the Las Meninas' rush party held last week, an acceptance tea will be staged this afternoon at the home of Velma Kuechel, secretary.

The rushees were entertained at the home of Helena Bailey, 311 East Washington street. A Russian theme was carried out through the evening, starting with a Russian high tea; that is, a six course dinner, the first and last course being tea.

After the dinner, a lottoski, a game similar to tango, made up the entertainment for the evening. Betty Adams and Betty Bradley having high scores.

PILOTEERS

Leola Schroder's garden at her home in Orange will be the meeting of the Piloteers' acceptance tea this afternoon.

The membership of the Piloteers will this afternoon almost double itself. President Bessie Burles stated today.

Present members of the Piloteers are: Mary Jane Belcher, Eleanor Buckles, Bessie Burles, Margaret Crowell, Eunice and Mildred Filer, Evelyn Hammett, Charlotte McCausland, Clarice Miller, Lois Newbold, Irene Piety, Marion Pletke, and Leola Schroder.

SIGNAL CAMPAIGN GAINS IMPETUS

(Continued from page 1)

the great amount of student traffic at the intersection during each day.

Difficulty Forwarded

The difficulty in having the signals installed, it was pointed out, is that Main street is a state highway. Permission must therefore be secured from state highway authorities.

Petitions containing the names of students and faculty favoring the signals will be presented to the city council for action. In view of the safety campaign that is being carried on by the Traffic Safety Service, Inc., which is composed of local citizens, every effort will be made to wage a successful war against accidents.

Fifty crossing guards were recently dropped from their duties because of shortage of federal funds.

O. K. Club Picnic Scheduled For Thursday

Sixty O. K. club members and prospective members are expected to attend a picnic at Orange county park, Thursday, Oct. 29, which will be the opening meeting of the club, advisor H. A. Scott said today.

At this meeting, election of officers will be held and plans for the year will be discussed, Mr. Scott said.

Advisors Miss Dorothy Decker and H. A. Scott together with Evelyn Chapman, Fred Erdhaus, and Neil McDaniel form the committee to supervise the picnic.

A committee meeting occurred Wednesday afternoon at 3:30 and final plans were made for the picnic. Members will meet at the west entrance of the Board of Education building at 4:30.

The committee's list reveals that there are almost 100 students in jaysee that are eligible for membership in the O. K. club. Any student may join that is not living with his or her mother or father and attends Santa Ana jaysee.

Board Notes

It was announced that all alumni will be charged 50 cents a person for admission to the soph-frosh prom tomorrow night.

The use of corsages at all student social affairs has been banned by the board, with the Christmas dance, Dec. 18, being the only exception.

Plans for a football dance to be held after the Pomona game here Nov. 6, have been formed and Tay Riggs has been placed in charge of it.

It was voted to hereafter eliminate primary elections for class officers. The primaries were held unnecessary, according to President Vic Rowland.

Entertainment between halves for the crowd at all remaining home football games will be provided by the various men's service clubs, President Vic Rowland declared. It will be up to the Buccaneers tonight at the Bowl to put on some stunt; next week, it will be the

Staff Members For Del Ano Selected

Staff members for the 1937 edition of Del Ano, jaysee yearbook, were revealed today by Tay Riggs, editor. The completed staff, consists of: Tay Riggs, editor; Bob Swanson, assistant editor; Neil McDaniel, business manager; Frances Was, sophomore editor; Robert Forcey, activities editor; Harvey Baker, college life editor; Ed Velarde, sports editor; Muriel Snyder, womens sports; Betty Lee, feature editor; and Milford Dahl, student photographer.

A committee of four members, Roger Fuller, June Holman, Howard Wilson, and Betty West, will do the art and photograph work in place of the usual layout editor. The faculty advisors of the Del Ano staff are: Mrs. Eleanor Northcross, Miss Frances Egge, George B. Holmes, and Thomas E. Williams.

The entire staff met for the first time Wednesday night at the home of Mrs. Northcross. The staff was given its instructions and immediate plans for the book were discussed. At the beginning of the second semester the staff will meet one night each week.

INJURED IN MISHAP

Catherine Cooper, freshman student, recovered sufficiently from a misplaced knee-cap to discard her crutches.

Last week Miss Cooper twisted her leg while doing a waltz step in natural dancing. Dr. H. G. Huffman attended her.

Gauchos; Nov. 6, the Bachelors; and then on Nov. 20, the Junior Lions.

Swallows Fly South In Annual Trip

(Continued from page 1)

old mission.

These feathered creatures are publicity hounds. Yesterday the National Broadcasting company announced over a coast-to-coast hook-up the preparation the birds were making in their effort to depart on time. This morning at 7:45, the NBC was to broadcast their departure. Besides radio publicity, the news-reel cameramen were to be there taking farewell pictures.

Swallows Know Dates

It is quite a curiosity that the swallows know the exact date, almost to the hour, when to arrive and leave. Nevertheless, it's a fact. Several attempts have been made to find out where the swallows go, but all have been in vain.

It seems incredible that a bird can memorize the dates when most of us forget an appointment only a week ahead.

Invitation Given Comedian

TRACK MENTOR WILL SPEAK AT C. ASSEMBLY

Dean B. Cromwell, head track and field coach at the University of Southern California, accepted today the invitation of Director D. K. Hammond to address the junior college students here next Tuesday afternoon, Oct. 27, at 1:30 in Wilard auditorium.

During the recent Eleventh Olympiad at Berlin, Coach Cromwell was in charge of the pole vaulters, discus throwers, and several sprint members. In addition he supervised other members of the squad who had competed under him at the Los Angeles institution.

Game Highlights
The Trojan coach has accumulated a vast amount of material on the high lights of the games and concerning the treatment of the competing athletes by the German populace in the so-called "rasberry" invasion which they received when they passed Adolph Hitler's reviewing stand.

It has been said that Cromwell spoke favorably of the management of the Games and intimated that there was not any snubbing of Jess Owens, ebony flash, on the part of Chancellor Hitler.

Owls Defeated By Red Raiders

Pomona's Red Raiders were the surprise of last Friday's conference tilt by upsetting the supposedly strong Citrus eleven on the latter's gridiron, 6-0. Most of the game was played in a driving rain making playing conditions hard.

The Cossacks finally scored when, after being held within the Owl's 10-yard line three times, Fullback John Casey plunged the ball over from the four-yard stripe. A strong Pomona team, which has been unusually weak in past years, saved off several Citrus attempts at scoring.

The only other league play saw Fullerton's Yellowjackets hold a strong Riverside team to a 14-7 victory. This game was also played in a slight rain.

Quarterback Howard Mueda forged further into the lead as high scorer by making both of the Bengal's touchdowns. He took the ball over from the one-yard marker both times, passes having placed it in scoring territory. In the last few minutes of play, Halfback Merritt Lambert, Fullerton halfback intercepted a pass and ran 85 yards to a touchdown.

The Santa Ana-Chaffey game was postponed until Nov. 20, and the San Bernardino Indians byed.

Every time he gets the chance, Carl Benson, guard on the Don football team, takes off his shoes and goes barefooted.

Reporter Predicts Santa Ana Win Over Indians

Santa Ana to defeat San Bernardino by 13 points!
That's the prediction made by Bob Schroeder, Helm's football reporter, early this week over a Pacific coast network of Columbia stations. Schroeder forecasts the high school and junior college games that are played in Southern California each week. He also predicted that Santa Ana high school would defeat Long Beach Poly this Saturday by seven points.

On these same broadcasts several Don football players have been publicized for their work in past games.

POMONA MEETS PANTHERS

Citrus' twice defeated Owls travel tonight to Fullerton to meet the Yellowjackets in the third conference round for each team. The Chaffey Panthers journey to Pomona to do battle with the Red Raiders while Riverside byes in the other conference tilt scheduled.

Citrus has already suffered upsets at the hands of Santa Ana and Pomona, while Fullerton has yet to break into the win column having been bottled up by the Bengals from Riverside, 14-7, and being held to a 6-6 tie by the surprising Pomona jaysee pigskinners. With both teams evenly matched and anxiously waiting to get a win in the conference results, this contest should prove to be a close game. Both elevens are almost mathematically out as far as any chance to win the conference gonfalon is concerned.

Chaffey plays its first league encounter tonight at Pomona having byed its first week and the game with Santa Ana being rained out last week. Pomona, the dark horses, will be fighting to stay in the race in hopes of a win this evening. This possibility is not so hard to conceive, the Red Raiders having caught a napping Panther last year to take their only league start.

A victory for the Ontario team will put them in a tie with the Dons and Bengals provided the locals get by the strong San Bernardino outfit this evening. On the other hand the former underdogs in past years will be very much in the running if they eke out a lead over their opponents.

ARRANGE SWIM PROGRAM

Coach Jess Haxton, jaysee swimming mentor, announced today that the swimming team will hold a number of practice meets before inaugurating the regular tank season in December.

With meets to be arranged with Santa Ana, Tustin, and Huntington Beach high schools in the near future, Coach Haxton expects to give his team a much needed training under actual competition.

Haxton, who took charge of swimming activities here late last year, stated that this year the swimming team shows promise of developing into championship caliber.

The ire that was raised by San Bernardino papers about the postponement of the Chaffey-Santa Ana game ought to add a bit of spice to tonight's game.

JOE E. BROWN ASKED TO DON U. C. L. A. MATCH

Joe E. Brown, famed comedian, may accompany the U. C. L. A. frosh football squad here next Friday night, it was learned here today. Brown has been interested in the Westwood team since his adopted son, Mike Frankovitch, and Joe E. Jr. played with the Bruin team.

It was expected that an answer to the invitation extended by President Vic Rowland to accompany the team when the frosh and the Dons tangle at the bowl will be forthcoming within the next few days. There is a possibility that the screen star may sit on the Santa Ana bench during the last half, if the trip is made.

In a concerted last period drive last year featuring the present backfield star of the Uclans, Hal Hirshon, the southern branch of the state institution pushed over a touchdown for the deciding counter. Brown's son, who performed at center, booted the conversion to defeat the Dons, 7-0. During the game the film star was one of the most rabid Bruin rooters in the bowl.

The efforts to have Brown accompany the frosh again are mainly being made for an added attraction to the tilt. He remained incognito last year until a loyal Santa Ana fan sitting on the other side of the bowl spotted the screen's funny man. His cheer leading at the half of last year's contest drew a great response from the Don cheering section. It is hoped he can remedy this year's Santa Ana rooting section, officials said.

Yell, Song Sheets Published

Starting with the San Bernardino game here tonight, new copies of the jaysee's songs and yells will be passed out to all rooters seated in the rooting section which will be especially reserved for the Dons only.

Collected and compiled by the yell and song leaders, the pamphlets will be distributed at all future home games by the Junior Lions, campus service club.

Dons Rated Favorites On Basis Of Pre-League Clashes Against Pasadena Bulldogs and Glendale

NEW CASABA RULING MADE

Blanchard Beatty, Don hoop coach, cast the deciding ballot in favor of abandoning the tip-off this year in all Eastern conference basketball games at a meeting held at the Pomona high school this week.

The center jump will be used to start the first and second halves only, the ball being thrown in after goals by the team scored upon. The Pacific coast conference, composed of Stanford, University of Southern California, University of California at Berkeley, and the University of California at Los Angeles, discarded the old method several seasons ago and several other leagues did likewise.

Coach Bill Cook also attended the meeting, but he left the voting up to Beatty. Coaches from the Orange county and Citrus Belt league were also present at the coaches meeting.

TIGER QUARTER LEADS SCORERS

Howard Mueda, Riverside quarterback, and leading Eastern conference scorer, made two touchdowns and a conversion in the Fullerton conflict last week to bring his seasonal total to 25 points.

John Casey, Pomona, scored a touchdown against Citrus to make his total 12, ousting Santa Ana's Bill Greschner from the runner-up spot.

Merritt Lambert entered the totals with seven points by doing all of Fullerton's scoring against Riverside. Bob Holmes, another Bengal, with one point completes the week's scoring.

The scorers:

	T.	C.	Pts.
Mueda, Riverside	4	1	25
Casey, Pomona	2	0	12
Greschner, Santa Ana	1	1	7
Lambert, Fullerton	1	1	7
Riley, San Bernardino	1	0	6
Oswald, Fullerton	1	0	6
Peterson, Riverside	1	0	6
Bain, Riverside	1	0	6
Alexander, Riverside	1	0	6
Holmes, Riverside	0	1	1

Legend: T-touchdowns; C-conversions.

Indians Primed to Snatch First Grid Tilt; Boast All-Conference Center

By TAY RIGGS

"Are the Indians under-rated? Do the Dons have championship possibilities?"

These are but a few of the myriads of queries circulating the campus which will be answered tonight at 8 o'clock when Santa Ana hooks up with San Bernardino in the city bowl.

Second Conference

Both teams will be playing their second Eastern conference game; the Dons winning their first 7-0 from Citrus, while Riverside trounced San Berdoo 24-6. The score of the Bengal-Indian contest does not indicate the closeness of the match, however, for San Bernardino's warriors outgained the Riverside Bengal by a good margin.

In their opening fracas, San Berdoo lost out to Glendale, a team the Dons beat 13-0, by the narrow count of 7-6. Pasadena then buried the Indians with a 31-6 score. Pasadena's Bulldogs, incidentally, also took the Don's measure but by only a 12-7 margin. So with nothing but an unimpressive record tacked on to them, the Indian gridders sally here as the "dark horse" in the local's path.

Capt. Harold Wieman appears to be the Indian's best bet to stop Don running plays, while, Hawks, all-city back from Los Angeles, looms as the man for the Santa Ana line to watch. Up-county scribes are already booming Captain Wieman for all-conference honors.

Interest In Elections

Every year the difficulty is the same.

Students lack the interest, or energy, to mark an X on a ballot. Last week only 83 out of 239 sophomores voted for class officers.

The 156 students who forgot to vote are showing indications of making the usual honest, but dull, citizens.

The freshman class is having an election next week. Why, just for a change, don't all you frosh turn out at the polls en masse and show the upper classmen how real, live people act on election day?

Next week, too, Phi Sigma Alpha is sponsoring a presidential election. Here is a chance for the sophomores to snap out of their lethargy and redeem themselves.

The election is a big undertaking. The Phi Sigma Alphas, under the direction of Robert Forcey, are expending hours of work that the affair may be successful. How about a little cooperation?

Editorial Ignorance?

In last week's Los Angeles Examiner the following statement appeared in an editorial regarding the courses offered at the University of Southern California:

"A DEFINITE COURSE in study of the Constitution is a mandatory part of its curriculum. NO STUDENT CAN WIN A DEGREE WITHOUT TAKING THAT COURSE."

"Such a program, in force at EVERY EDUCATIONAL INSTITUTION IN THE NATION, could not fail to counteract... a vast amount of NEGATIVE thinking throughout the country."

This is a supreme example of either editorial ignorance, or bold disregard for the truth. Here are the real facts:

No student can graduate from ANY California high school without a course in civics. NO STUDENT CAN GRADUATE FROM SANTA ANA JAYSEE OR ANY OTHER JUNIOR COLLEGE IN THE STATE, WITHOUT A COURSE IN POLITICAL SCIENCE. Moreover, NO STUDENT CAN WIN A DEGREE FROM ANY COLLEGE IN THE STATE WITHOUT HAVING STUDIED THE CONSTITUTION.

The Examiner has a splendid suggestion. But it should have been offered 15 years ago before the state of California adopted the idea. The editorial writer is a bit behind times!

Hi, There, Neighbor

There's a time-honored tradition about Washington State college—the school which sent a team Saturday to hold Southern California eleven to a scoreless tie in Los Angeles coliseum. In the center of Washington State campus at Pullman is a tree-shaded walk that leads from the edge of the grounds to the main building.

It is called "Hello Walk." As students pass each other along this route, they smile and chirp a merry "hello" to their classmates.

As a result of such practice along "Hello Walk," W. S. C. students find themselves greeting friends, acquaintances and strangers on the grounds.

No wonder Washington State college is noted for its democratic spirit.

How many of us are truly democratic? What about that neighbor whom you have seen almost every day for the past year? Somehow you have been too busy to speak to him.

Often a cheerful word will brighten a person's day. There should be a few "hello walks" in every city!—Santa Ana Journal.

J. C. Adopts Alphabet Fad Of U. S. A. From A to Izzard

By GERRIE GRIFFITH

History records all ages of man. So far man has lived through ages of stone, iron, bronze, machine, and the like. The latest age, or perhaps fad, may be called the "alphabet age."

Seemingly no theory has yet been determined as to whether the advance of man, or his desire to save time, has developed the vast accumulation of initials and alphabetical abbreviations.

The entire 26 letters of our Anglo-American alphabet are used up here in jaysee in abbreviations associated with college life.

Some clubs are designated by A. W. S., W. A. A., Y. M. and Y. W. C. A. Class rooms and buildings are lettered C. H., B. E., Y. L., B. J., and K. Political science studies donate G. O. P., X. Y. Z., N. R. A., and T. V. A.

Counting students with high I. Q.'s, or those who make D, F, or I grades, and those who are enrolled in P. E. or employed by N. Y. A., we have the complete alphabet.

Speech in general has become

clipped and shortened. At times this seems awkward. But how long-winded one would have to be to force out this single sentence:

All members of the Women's Athletic Association and Associated Women Students who have Associated Student Body Tickets and who are above average in their Intelligence Quotient will meet in the Young Men's Christian Association lounge room to discuss problems of the National Recovery Act, Grand Old Party, and National Youth Administration.

Whew! All the alphabet from A to izzard!

El Don Mail Box

SCHOOL LOSES

SANTA ANA, Oct. 19, (To the Editor of El Don:—) Football, stoutly maintain several million American fans, is not a sissy game. Evidently these several million fans have the wrong conception of this All-American sport, for if they are right in that belief, the postponement of the Santa Ana-Chaffey game places a few officials in the category that "everyone is out of step except me."

I wonder what the officials who were responsible for calling off the game because of "inclement weather," think the coaches, players, and fans do in other parts of the country when the weather man predicts possibility of rain or snow? Do they immediately get in a panic and call off the game for fear of getting their uniforms dirty or for fear that the visiting team and its supporters will have to be a little more careful in travelling over wet roads? If such were the case, then practically every team in the country, with the exception of those in "Sunny California," would be forced to cancel about half of their games.

That postponement cost the school three things, some of which it can not hope to recover. Those three things are money, school

spirit, and friends, all of which are sorely needed by the junior college. Let's hope that these three vital elements are given a little more consideration the next time it looks like rain.

Sincerely,
NEIL McDANIEL

EL SERAPE SPEAKS

SANTA ANA, Oct. 16, (To the Editor of El Don:—) According to Associated Students minutes for their meeting of Oct. 5, El Serape is taking some of El Don's advertising revenue. To me this means only one thing: that El Serape has been able, through hard work, to make an impression on the business men of this town.

It has been said that we have represented ourselves as the "official" humor magazine of Santa Ana Junior college. This has never been the case. If anyone is able to prove a specific instance where this has been done, El Serape will pay him at the rate of the advertisement thus obtained.

When the magazine was just an idea in the minds of the editor and business manager every step was taken to see that the situation that exists today did not come about. When approached on the situation John H. McCoy, head of the jour-

nalism department, said that he did not feel that we would make any inroads on El Don's advertising accounts. Undoubtedly we have taken some business away from El Don not because it flew our way, but because we have earned every penny. I feel that business thus obtained is legitimate.

We have been told that we must print in our mast head words to the effect that the magazine is printed in Pasadena. It makes no difference to the advertiser if his medium is printed in Santa Ana, Pasadena, Kokomo, or Hoboken, as long as he gets results. No business man gives advertisements unless he feels that he will be more than repaid for his investment.

That is the reason, we believe that El Serape's advertising has grown from month to month, and will continue to grow throughout the fiscal school year. We have publication that the student WANT to read, and will PAY to get. That spells success both for the advertiser and the advertiser.

Sincerely yours,
JOHN RABE
Editor, El Serape

(Editor's note: El Don has no quarrel with El Serape and is happy to print the above letter from Mr. Rabe. We are only interested in explaining to the public that the humor magazine is NOT an official jaysee publication, but is printed in Pasadena by the proprietor of several humor magazines who gets the Santa Ana advertising money.)
